Let the UN Special Rapporteur on VAWG Deliver her Mandate

We, the undersigned, representatives of feminist, women's and human rights organisations from the four corners of the world, from the South and the North, are appalled by the attacks against Reem Alsalem, the United Nations Special Rapporteur on Violence Against Women and Girls – the latest of which is an open [letter by AWID](#).

According to the UN Human Rights Council's resolution 1994/45, the mandate of the United Nations Special Rapporteur on Violence against Women and Girls is to seek and receive information on violence against women and girls, its causes and consequences, and to respond effectively to such information. She is also tasked to work closely with all special procedures and other human rights mechanisms of the Human Rights Council and with the treaty bodies, so that they systematically integrate the human rights of women and a gender perspective into their work.

We are grateful to Ms Alsalem for fulfilling her mandate and adopting a **comprehensive and universal approach to the elimination of violence against women and girls, its causes and consequences, including causes of violence against women relating to the civil, cultural, economic, political and social spheres.**

However, even though the Special Rapporteur is doing exactly what is within her mandate, she has been attacked, intimidated and even threatened to be dismissed because she has been vocal about the impact of laws allowing self-declaration of legal sex on women and girls' safety, dignity and rights. Ms Alsalem has called for protecting and safeguarding women's fundamental rights not to be discriminated on the basis of sex, and for respecting positive measures obligations such as single-sex spaces and services, including women's shelters, support groups and services for women and girls victims of violence, as well as women's safety and dignity in prisons and health care facilities.

We are currently witnessing violent rhetoric and active denigration towards feminists concerned with the impact of self-declaration of legal sex, or, the erosion of sex and associated with it protections and state obligations, through its conflation with gender and gender identity, as well as the widespread de-platforming of female scholars, journalists, and public figures who aim to broaden debates around gender identity to include considerations for women and girls as a group with a common characteristic of female sex.

We remind that the preamble of CEDAW states that "the role of women in *procreation* should not be a basis for discrimination". Nevertheless, discrimination based on sex against women continues and it violates the principles of equality of rights and respect for human dignity.

Many of us signatories of this letter have communicated with Reem Alsalem to voice our concerns about escalating intimidation, threats, and malignant communications against women and girls for expressing their opinions and beliefs regarding their needs and rights

based on sex and/or sexual orientation, and we have presented her with concrete examples from countries, both from the Global North and Global South.

Ms Alsalem is currently being subjected to the same practices she had expressed concerns about and wanted women to be protected from. In her May 22, 2023 [statement](#), Reem Alsalem denounced “the escalation of intimidation and threats against women and girls for expressing their opinions and beliefs regarding their needs and rights based on their sex and/or sexual orientation”.

By doing so, Ms Alsalem has done exactly what the UN Special Rapporteur on Violence Against Women and Girls is tasked to do by the UN Human Rights Council: she is **transmitting urgent appeals and communications to States regarding alleged cases of violence against women and girls.**

An attack on her is an attack on us, and it is an attempt to silence us through silencing her.

Recalling the UNHRC *resolution 1994/45*, we urge the United Nations to protect Reem Alsalem, and **provide her all possible facilities to continue her mandate** to seek, receive and communicate information on violence and intimidation against women and girls, its causes and consequences.

Recalling the obligations of all UN actors set forth in the UN Secretary General’s initiative [Human Rights Up Front](#) and applicable to all UN bodies irrespective of their individual mandates, we urge the United Nations to **remain vigilant in identifying emerging risks and ensuring that actions of all UN actors are guided by more effective use of the information available from UN human rights mechanisms** of which the mandate of the Special Rapporteur on Violence Against Women and Girls is essential.

Laissez la Rapporteuse Spéciale des Nations Unies sur la Violence à l'Égard des Femmes et des Filles Remplir son Mandat

Nous, soussigné.e.s, représentants et représentantes d'organisations féministes, de femmes et de défense des droits humains des quatre coins du monde, du Sud et du Nord, sommes consterné.e.s par les attaques contre Reem Alsalem, la Rapporteuse Spéciale des Nations Unies sur la violence l'égard des femmes et des filles, dont la dernière en date est une [lettre ouverte de l'association AWID](#).

Selon la résolution 1994/45 du Conseil des Droits de l'Homme des Nations Unies, le mandat de la rapporteuse spéciale sur la violence à l'égard des femmes et des filles consiste à rechercher et à recevoir des informations sur la violence à l'égard des femmes et des filles, ses causes et ses conséquences, et à réagir efficacement à ces informations. Elle est également chargée de travailler en étroite collaboration avec toutes les procédures spéciales et autres mécanismes de défense des droits de l'Homme du Conseil des droits de l'Homme, ainsi qu'avec les organes de traités, afin qu'ils intègrent systématiquement les droits fondamentaux des femmes et une perspective de genre dans leur travail.

Nous sommes reconnaissant.e.s à Mme Alsalem d'avoir rempli son mandat et d'avoir adopté **une approche globale et universelle de l'élimination de la violence à l'égard des femmes et des filles, de ses causes et de ses conséquences, y compris les causes de la violence à l'égard des femmes dans les sphères civiles, culturelles, économiques, politiques et sociales.**

Cependant, bien que la rapporteuse spéciale fasse exactement ce qui relève de son mandat, elle a été attaquée, intimidée et même menacée de congédiement parce qu'elle s'est exprimée sur l'impact des lois autorisant l'autodéclaration de l'identité du genre sur la sécurité, la dignité et les droits des femmes et des jeunes filles. Mme Alsalem a appelé à la protection et à la sauvegarde des droits fondamentaux des femmes à ne pas subir des discriminations fondées sur le sexe, et au respect des obligations de mesures positives telles que les espaces et les services non mixtes, y compris les refuges pour femmes, les groupes de soutien et les services pour les femmes et les filles victimes de violence, ainsi que la sécurité et la dignité des femmes dans les prisons et les établissements de soins de santé.

Nous assistons actuellement à une rhétorique violente et à un dénigrement actif des féministes qui s'inquiètent de l'impact de l'autodéclaration de l'identité de genre, et de l'érosion du sexe et des protections et obligations de l'État qui y sont associées, en raison de son amalgame avec le genre et l'identité de genre. Nous assistons également à la dé-platformisation généralisée des femmes universitaires, journalistes et personnalités publiques qui cherchent à élargir les débats sur l'identité de genre pour y inclure des considérations sur les femmes et les filles en tant que groupe ayant pour caractéristique commune l'appartenance au sexe féminin.

Nous rappelons que le préambule de la Convention sur l'Élimination de toutes les Formes de Discrimination à l'Égard des Femmes stipule que "le rôle de la femme dans la *procréation* ne doit pas être une cause de discrimination". Néanmoins, la discrimination fondée sur le sexe à l'encontre des femmes se poursuit et viole les principes d'égalité des droits et de respect de la dignité humaine.

Nombre d'entre nous, signataires de cette lettre, ont communiqué avec Reem Alsalem pour lui faire part de leurs préoccupations concernant l'escalade de l'intimidation, des menaces et des communications malveillantes à l'encontre des femmes et des jeunes filles qui expriment leurs opinions et leurs croyances concernant leurs besoins et leurs droits sur la base du sexe et/ou de l'orientation sexuelle.

Mme Alsalem est actuellement soumise aux mêmes pratiques que celles qu'elle avait dénoncé et contre lesquelles elle souhaitait que les femmes soient protégées. Dans son [communiqué](#) du 22 mai 2023, Reem Alsalem a dénoncé "l'escalade de l'intimidation et des menaces à l'encontre des femmes et des filles pour avoir exprimé leurs opinions et leurs croyances concernant leurs besoins et leurs droits fondés sur leur sexe et/ou leur orientation sexuelle".

Ce faisant, Mme Alsalem a fait exactement ce que le Conseil des droits de l'Homme des Nations Unies a chargé la rapporteuse spéciale sur la violence contre les femmes et les filles de faire : **transmettre aux États des appels et des communications urgents concernant des cas présumés de violence à l'encontre de femmes et de filles.**

Une attaque contre Reem Alsalem est une attaque contre nous, et est une tentative de nous réduire au silence en la réduisant au silence.

Rappelant la résolution 1994/45 du CDH, nous demandons instamment aux Nations Unies de protéger Reem Alsalem et de lui **fournir toutes les facilités possibles pour poursuivre**

son mandat de recherche, de réception et de communication d'informations sur la violence et l'intimidation à l'encontre des femmes et des filles, leurs causes et leurs conséquences.

Rappelant les obligations de tous les acteurs de l'ONU énoncées dans l'initiative du Secrétaire général de l'ONU "[Human Rights Up Front](#)" et applicables à tous les organes de l'ONU indépendamment de leurs mandats individuels, nous demandons instamment à l'ONU de **rester vigilante dans l'identification des risques émergents et de s'assurer que les actions de tous les acteurs de l'ONU sont guidées par une utilisation plus efficace des informations disponibles auprès des mécanismes des droits humains de l'ONU**, dont le mandat du Rapporteur Spécial sur la violence envers les femmes et les filles est essentiel.

Dejen que la Relatora Especial de la ONU Sobre la VCMN Cumpla su Mandato

Nosotras, las abajo firmantes, representantes de organizaciones feministas, de mujeres y de derechos humanos de los cuatro rincones del mundo, del Sur y del Norte, estamos consternadas por los ataques contra Reem Alsalem, Relatora Especial de las Naciones Unidas sobre la Violencia contra las Mujeres y las Niñas, el último de los cuales es [una carta abierta de AWID](#).

Según la resolución 1994/45 del Consejo de Derechos Humanos de la ONU, el mandato de la Relatora Especial de las Naciones Unidas sobre la Violencia contra las Mujeres y las Niñas es buscar y recibir información sobre la violencia contra las mujeres y las niñas, sus causas y consecuencias, y responder eficazmente a dicha información. También tiene encomendada la tarea de colaborar estrechamente con todos los procedimientos especiales y otros mecanismos de derechos humanos del Consejo de Derechos Humanos y con los órganos creados en virtud de los tratados, para que integren sistemáticamente en su labor los derechos humanos de la mujer y una perspectiva de género.

Agradecemos a la Sra. Alsalem el cumplimiento de su mandato y la adopción de **un enfoque integral y universal para la eliminación de la violencia contra las mujeres y las niñas, sus causas y consecuencias, incluidas las causas de la violencia contra las mujeres relacionadas con las esferas civil, cultural, económica, política y social**.

Sin embargo, a pesar de que la Relatora Especial está haciendo exactamente lo que está dentro de su mandato, ha sido atacada, intimidada e incluso amenazada con ser despedida porque se ha pronunciado sobre el impacto de las leyes que permiten la autodeclaración del sexo legal en la seguridad, la dignidad y los derechos de las mujeres y las niñas. La Sra. Alsalem ha pedido que se protejan y salvaguarden los derechos fundamentales de las mujeres a no ser discriminadas por razón de sexo, y que se respeten las obligaciones derivadas de las medidas positivas, como los espacios y servicios para un solo sexo, incluidos los refugios para mujeres, los grupos de apoyo y los servicios para mujeres y niñas víctimas de violencia, así como la seguridad y la dignidad de las mujeres en las cárceles y los centros de atención en salud.

Actualmente somos testigos de una retórica violenta y de una denigración activa hacia las feministas preocupadas por el impacto de la autodeclaración del sexo legal, o la erosión del sexo y de las protecciones y obligaciones estatales asociadas a él, a través de su fusión con el género y la identidad de género, así como de la exclusión generalizada de académicas,

periodistas y figuras públicas que pretenden ampliar los debates en torno a la identidad de género para incluir consideraciones sobre las mujeres y las niñas como grupo con la característica común del sexo femenino.

Recordamos que el preámbulo de la CEDAW afirma que "el papel de la mujer en la procreación no debe ser motivo de discriminación". Sin embargo, la discriminación por razón de sexo contra las mujeres continúa y viola los principios de igualdad de derechos y respeto a la dignidad humana.

Muchas de las firmantes de esta carta nos hemos comunicado con Reem Alsalem para expresarle nuestra preocupación por la escalada de intimidaciones, amenazas y comunicaciones malintencionadas contra mujeres y niñas por expresar sus opiniones y creencias sobre nuestras necesidades y derechos basadas en el sexo y/o la orientación sexual, y le hemos presentado ejemplos concretos de países, tanto del Norte Global como del Sur Global.

Actualmente, la Sra. Alsalem está siendo objeto de las mismas prácticas que le preocupaban y de las que quería proteger a las mujeres. En su [declaración](#) del 22 de mayo de 2023, Reem Alsalem denunció "la escalada de intimidación y amenazas contra mujeres y niñas por expresar sus opiniones y creencias sobre sus necesidades y derechos en función de su sexo y/u orientación sexual".

Con ello, Reem Alsalem ha hecho exactamente lo que el Consejo de Derechos Humanos de la ONU ha encomendado a la Relatora Especial sobre la Violencia contra las Mujeres y las Niñas: **transmitir llamamientos y comunicaciones urgentes a los Estados en relación con presuntos casos de violencia contra mujeres y niñas.**

Un ataque contra ella es un ataque contra nosotros, y es un intento de silenciarnos silenciándola a ella.

Recordando la resolución 1994/45 del CDHNU, instamos a las Naciones Unidas a que protejan a Reem Alsalem y le **proporcionen todas las facilidades posibles para continuar con su mandato** de buscar, recibir y comunicar información sobre la violencia y la intimidación contra las mujeres y las niñas, sus causas y consecuencias.

Recordando las obligaciones de todos los actores de la ONU establecidas en la iniciativa del Secretario General de la ONU [Human Rights Up Front](#) y aplicables a todos los órganos de la ONU con independencia de sus mandatos individuales, instamos a las Naciones Unidas a que **permanezcan vigilantes para identificar los riesgos emergentes y garantizar que las acciones de todos los actores de la ONU se guían por un uso más eficaz de la información disponible de los mecanismos de derechos humanos de la ONU**, de los cuales el mandato de la Relatora Especial sobre la Violencia contra las Mujeres y las Niñas es esencial.

DISCLAIMER

The open letter “**Let the UN Special Rapporteur on VAWG Deliver her Mandate**” was made public for signatures on June 9, 2023 at 17:00 GMT and closed on June 19, 2023 at 23:00 GMT. Representatives from almost 800 feminist, women’s and human rights organisations, groups, networks and national platforms from 60 countries in the North and South America, Europe, Africa, the Middle East, Asia and Australia signed the letter. In addition, the letter was signed by over 2500 individuals either in the capacity as independent activists and concerned citizens or as members of their groups. Some individuals opted to show only their first name for security reasons and for fear of profiling and retaliation. The persons/organisation handling the letter signatures verified to the extent possible the signatures and removed incomplete or doubtful ones. Above is the full list of retained signatures.
